WOOD-HOWELL NURSERIES, INC.  
Nurserymen and Landscape Architects

P R I C E - L I S T

This price list, issued periodically, is supplementary to and a part of our regular descriptive catalog. Herein you will find various items not listed in our catalog; and on the other hand, some items in the catalog will not be priced in this list as our stock naturally varies from year to year. We attempt to keep a complete stock at all times and have the old standard varieties as well as the best of the new improved ones.

You are cordially invited to visit our nurseries and personally see our stock as it grows in the fields. Being interested in plants, we can make your visit of interest as we delight in showing our stock.

We wish to be of service to you should you have problems in either growing, planting or planning. Our Landscape Department, under the direction of competent, thoroughly trained landscape architects, is at your service.

If you want something that we do not have we will try to secure it for you.

If you have lost, or have not received, our descriptive catalog we will be pleased to send you a copy.

Wood-Howell Nurseries, Inc.

Lee Highway, Bristol, Virginia

Telephone: 1784-R

This list is arranged alphabetically for your convenience, under the following headings: Coniferous Evergreens, Broad-leaved Evergreens, Flowering Shrubs, Shade and Flowering Trees and Vines, and cancels all previous lists.

Plants selected and tagged at the nursery are charged for individually according to value, and these prices do not apply.

See our descriptive catalog for terms of sale. We do not guarantee plants to grow but, if we think that proper care and attention have been given them, we will replace at half price, f. o. b. our nursery, all plants that have died.
